Jump Starter: Making Transformational Change in Your Organization

Change can be tough, but change is necessary. How can you, as a leader, drive change? What's the best way to overcome resistance (and yes) make it your ally at the same time as delivering market-beating customer service?

Learn how to become an inspiring leader who is able to stoke the furnace of change, even in the coldest organizational climate. Find out how to decode resistance, turn teams around and build a movement that unlocks potential.

Two Matches and a Piece of String: An Innovator's Survival Kit (and Rescue Mission)

Learn how to create and then lead an innovation process as an individual, a team or an organization. This energy-fuelled seminar, which builds on the keynote of the same name, enables your team to apply innovator's mindset, key design and innovation tools to your key business challenges.

Using highly dynamic and applied learning, your team will use a range of ideation, customer insights and strategy techniques to turn bright ideas into game-changing services, products and experiences.

Contact us to learn more about the keynote, seminar or workshop that will elevate your greatness.
